You are eligible for a once-per-lifetime upgrade to a higher level of hospital cover to receive hospital psychiatric services, without a waiting period. You must have held continuous hospital cover for at least two months to be eligible for this exemption.

An excess is payable once per adult, per financial year for same-day or overnight hospital treatment. A higher excess means a lower premium. No excess is payable for dependent kids.

Waiting periods

From the date you join Defence Health, upgrade your cover or reduce your excess, a waiting period may apply before you can claim on new or higher benefits. The following waiting periods apply:

- ✓ 12 months for pre-existing conditions (excluding hospital psychiatric services, rehabilitation and palliative care)
- ✓ 2 months for hospital psychiatric services, rehabilitation and palliative care
- ✓ 2 months for all other included services (including non-emergency ambulance)
- ✓ Cover for an accident is immediate, including ambulance services.

If you transfer to us from an equivalent level of cover with an Australian health fund, the waiting periods you've already served (on included services) will be honoured by us. All waiting periods need to be re-served after a break in cover of more than 60 days.

Pre-existing conditions

A pre-existing condition is an illness, ailment or condition where signs or symptoms existed in the six months ending on the day you joined or upgraded to a higher level of cover; whether you or your doctor knew of them or not.

Only a medical or other health professional appointed by Defence Health is authorised to determine whether you have a pre-existing condition.

If you need treatment in the first 12 months of joining for a condition that could be pre-existing, we will ask your doctor to complete a medical report. This will help our appointed medical advisor to assess if your condition was pre-existing. You should talk to us before going into hospital.

Ambulance Treatment

Comprehensive cover for ambulance services by state-appointed ambulance providers across Australia. This includes emergency transport, on the spot treatment, mobile intensive care, air and sea ambulance.

Transport services between hospitals, repatriation to or from a state for non-clinically necessary reasons, or services by patient transport vehicles are not claimable.

What's not covered

Situations when you won't be covered include:

- ✗ Clinical treatment categories excluded from your cover

- ✗ Services claimable from another source such as workers compensation, third party insurance or Department of Veterans' Affairs (DVA)
- ✗ Hospital stays beyond 35 days where further care is not agreed between the hospital and Defence Health (this will incur out-of-pocket expenses)

Going to hospital

Before you make any decisions about your hospital choice or procedures, check exactly what your level of cover includes and that you have served any waiting periods.

Review the excluded clinical categories on your policy to ensure your procedure is covered.

Always ask your doctor what they will charge and if they will participate in our Access Gap scheme to reduce or eliminate out-of-pocket costs for you.

Why does my specialist need to participate in Access Gap?

When you go to hospital, Defence Health and Medicare will cover the MBS fee for your procedure. The MBS fee is set by the Federal Government and caps the amount health funds can cover for your treatment.

Doctors can choose to charge more than the MBS fee and that's when you may incur the out-of-pocket cost or 'gap' payment.

What is Access Gap?

Access Gap is a billing scheme where Defence Health pays a higher benefit for your medical procedure, to help reduce or eliminate your out-of-pocket expenses.

This results in one of two scenarios:

- ✓ No Gap: Defence Health covers the gap completely
- ✓ Known Gap: The maximum amount you will pay per doctor, per hospital episode.

How do I get Access Gap Cover?

When you're planning to go into hospital as an in-patient, ask your doctor if they'll agree to participate in Defence Health's Access Gap.

If they say no, you can search for doctors who may participate in our Access Gap scheme at defencehealth.com.au or you can obtain another referral from your GP.

Informed financial consent

Your doctor is obliged to obtain your informed financial consent to their medical charges.

This information should be discussed with you and provided in writing. It must clearly state any gap you will pay between their total charges and the Medicare rebate and private health insurance benefits.

This informed financial consent should include all the doctors involved in your treatment, including your anaesthetist, and detail any additional gap you will need to pay toward hospital or medical device charges.

Once understood and agreed by you, your signature or the signature of your guardian is required, to finalise this arrangement.

To confirm medical out-of-pocket expenses check with Medicare or your doctor.

Agreement hospitals

We have agreements with more than 500 hospitals in Australia. By choosing to be treated in an agreement private hospital, you can significantly reduce your expenses.

If you choose a hospital that does not have an agreement with Defence Health, you may have significant out-of-pocket expenses.

Our agreement hospital listing is one of the largest in Australia. Search the list at defencehealth.com.au
